How this Travel or Training Benefitted the Citizens of Broomfield: The information I was able to learn and bring back is valuable to me in making decisions in county aspects of Broomfield, and helps me in my understanding of how The Affordable Care Act will be implemented in Broomfield. I was also able interact and discuss policy and priorities with many other County Commissioners from Colorado.

While there I served on the NACo Health Steering Committee, which I was appointed to earlier this year by CCI. As part of the conference I attended the Healthy Counties Initiative Advisory Board Meeting, Health Disparities Conference, Health Impact Assessments panel, as well as meetings on Medicaid and Indigent Care, 2014 Medicaid expansion, Long term care, and "Health Reform: Where do we go from here?".

As part of the Broomfield delegation, I went to the hill to discuss water concerns, the Applied Research & Science Park, and the Jefferson Parkway and other transportation issues with our federal representation.

I also attended two CCI receptions and met County Commissioners from many of our counties and was able to have many conversations about implementing the ACT and other issues in Colorado.

As always, I am available to answer any questions regarding the conference.
